MEMORANDUM FOR: SIG-I Members

FROM: [redacted]

25X1

Director, Community Counterintelligence and Security
Countermeasures Staff

SUBJECT: Draft SIG-I Directive No. 2 and DCID

1. Forwarded for your information in preparation for the 14 May preparatory session with Mr. Gates and the 15 May SSCI hearing, and for your subsequent review and suggestions, are:

- SIG-I Directive No. 2 which divides the Interagency Group for Countermeasures into two parts. The IG/CM(T) will be responsible for principally those countermeasures of a technical nature, while the IG/CM(P) will be responsible for general security disciplines, such as personnel and information.
- The proposed SIG-I directive generally reflects the discussion and resulting concurrence as reached at the SIG-I meeting of 2 May on this subject. It has been reviewed by the DDCI for concept, and the provisions of paragraph 5, for example, reflect his and the DCI's intent for the IGs' structure and responsibilities of the chairmen.
- Proposed Director of Central Intelligence Directive which establishes the Community Counterintelligence and Security Countermeasures Staff (CCISCMS). The DDCI would appreciate your comments on this proposal before it is placed in the formal DCID coordination procedures. Again, as was discussed at the SIG-I meeting of 2 May, the DCI believes the SIG-I must have an adequate staff to carry out its support functions to the SIG-I and the IGs. This directive proposes an organizational structure to carry out that task. Subsequent to the 2 May SIG-I meeting, for legal reasons, coordination of SCI policy and procedures was removed from the SIG-I structure and will be governed as a direct responsibility of the DCI.
